### Journeyman Services Travel Insurance – Corona Virus

As the Corona Virus is now affecting a large number of countries the information below is to assist you concerning your “Travel Insurance Policy” with Journeyman Services.

**Any new policy purchased, or new trip booked covered by an existing annual multi trip Policy after 1400 Hrs GMT on the 16<sup>th</sup> of March 2020 will not cover any cancellation claim in relation to Corona Virus ( COVID-19)**

**We will continue to cover any medical claims because of Corona Virus if you are travelling to an area where no FCO advice against travel exists.**

#### **Country, Cities or Locations under entry restrictions:**

1 ) In the event that the country city or location that you intend to visit in the near future has been placed under entry restrictions or quarantine, and you decide to still travel to that destination, **You will NOT be covered under your Travel Insurance.**

2 ) In the event of entry restrictions you must contact your holiday company / Airline for advice.

Most holiday companies will offer either alternative destinations, or refunds

#### **Disinclination not to Travel:**

If you decide not to travel to your booked location and that location has no restrictions, under the terms & conditions of the travel insurance policy you will not have any redress for any payments made in advance for your trip.

#### **Cover under your Travel Insurance:**

If you contract the Corona Virus in an unrestricted country, city or location you are covered under your travel insurance policy for any medical costs incurred.

#### **Country Advise web site:**

For additional advise on current situations in various countries, cities or locations please visit the following web site :-

[www.gov.uk/foreign-travel-advice](http://www.gov.uk/foreign-travel-advice)

Enter the name of the country in the box provided on the web site and this will take you to the selected country.
